Art Unit: 1614

Claims 1-50 are presented for examination.

Applicant's information disclosure statement filed April 20, 2004 and the amendment filed April 26, 2004 have been received and entered.

Claims 21-36 are withdrawn from consideration as being drawn to the non-elected invention (37 CFR 1.1442(b)).

Allowable Subject Matter

Claims 1-20 and 38-50 are allowable.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 37 is rejected under 35 U.S.C. 102(b) as being anticipated by Chastain et al. (B), 5,308,873 of previous PTO-892.

Chastain et al. teach perillyl aldehyde as having anti-fungal activity. (See column 2, lines 8 and 9). Note applicant claim 1 reads on perillyl aldehyde alone, therefore, the cited reference anticipates the instant invention. Applicant is not entitled to procure claims based on discovery that well-known and old compounds can be adapted to new uses; to entitle him to a patent, the compounds must be both new and unobvious to one skilled in the art. (See In re Hack 114 USPQ 161).

Art Unit: 1614

Claim 37 is not allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
